About the Business:

Pots and Planters Manufacturing Business

Are you looking for a unique, profitable manufacturing business opportunity? This established pots and planters manufacturing business in the Western Cape is up for sale!

This business was established over 20 years ago and is still growing with a loyal customer base. The

company manufactures fibre cement flower pots and planters and offers various designs and sizes. All products are made of high-quality materials and are designed to last. They offer a wide range of products to choose from in different sizes and colours.

The business is in a prime location in a very popular Western Cape town with easy access to most of the areas in Western Cape. The team of skilled employees are dedicated to providing excellent customer service and is proud to offer only high-quality products to every customer.

This profitable pots and planters manufacturing business supplies their quality products directly to the public and different nurseries and corporate customers in the area. There are many opportunities to grow and expand this business. The gross profit of $\pm 88\%$ and the low overheads make this business profitable and easy to manage.

The pots and planters market is expected to grow, with people increasingly preferring to design ornamental gardens using pots and planters of different sizes and colours to enhance the décor of open spaces and terraces.

This business is ideal for a buyer passionate about manufacturing and gardening with an exceptional entrepreneurial spirit.

The price excludes stock of R110,000.
