

BUSINESS REPORT

Date: **4th February 2026**

Business Reference: **BFS00045**

About the Business:

Stainless Steel Product Design and Manufacturing

Looking to take on a thriving full-service stainless steel product support business?

This business specialises in new and second-hand stainless steel equipment, as well as the automation of

machinery for the industry.

Seize the opportunity to own a well-established stainless steel product design and manufacturing business with a team of dedicated field technicians ready to meet clients' technical needs.

This stainless steel product support business for sale has built a strong reputation for delivering exceptional service, ensuring customer satisfaction, and providing top-notch solutions.

With a loyal customer base, a steady stream of referrals, and a diverse range of services, this business is well-positioned for continued growth and success under new ownership.

Key Features:

- Experienced and skilled field technicians.
- Wide range of repair and maintenance services.
- Strong client relationships and repeat business.
- Established reputation for quality and reliability.

The owners prioritise meaningful, enduring client relationships, supported by a well-trained and experienced staff. The large client base proves the success of this holistic project management approach, and this business continues to be the preferred supplier of many companies.

This is an ideal investment for an owner to expand their portfolio or for individuals seeking a profitable venture that supports entrepreneurs in the food, beverage, pharmaceutical, and allied industries.

All equipment essential to operate the business is included in the price.

The asking price excludes VAT and a stock value of approximately R200.000.
