About the Business:

Turnkey Well Established Carwash

An extraordinary opportunity is now available to acquire a long-standing, turnkey, well-established carwash in the Garden Route, Western Cape, positioned in one of the area's most visible and high-traffic locations. Operating successfully for more than a decade, this business has built a strong reputation among locals thanks to its convenient location with easy access and reliable service.

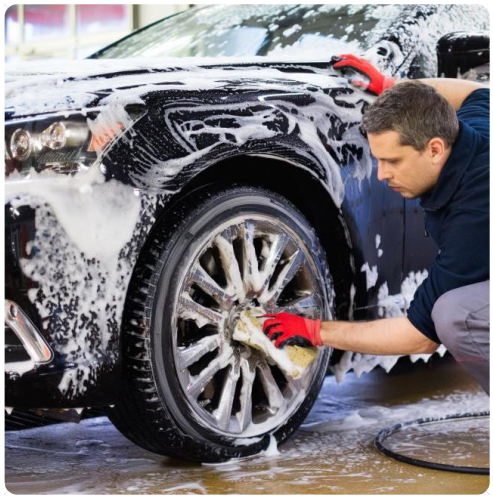

This turnkey, well-established carwash operates with most of the physical labor handled by the team, leaving the owner with a primarily supervisory role. For someone who wants a more relaxed, hands-on lifestyle business that still generates a steady income without heavy workloads or complex processes, this opportunity delivers precisely that.

With established systems, consistent traffic, and two company washing agreements already in place, a new owner can step in effortlessly and continue the smooth operation from day one. The setup is open, simple, and efficient, making it an ideal option for anyone seeking a manageable, low-stress business with predictable daily activity.

The current owner is retiring and will provide a full one-month handover to ensure complete training, guidance, and continuity.

The asking price excludes VAT.
