About the Business:

Restaurant in a Unique Destination

Are you a passionate, experienced restaurateur looking for a restaurant in a unique destination?

A rare chance exists to acquire a versatile restaurant in a unique destination in the Garden Route, perfectly positioned within a broader leisure destination that consistently attracts families, tourists, and weekend

visitors. Established in 2017 and significantly upgraded by the current owner since 2023, the venue is notable not only for its scale and atmosphere but also for the variety of complementary attractions on the extended property surrounding the restaurant.

This licensed restaurant in a unique destination serves as the central hub of a thriving destination that includes a children's play park, a shop, accommodation units, a horse stud, camping facilities, and multiple recreational attractions, with additional developments underway. This combination of offerings attracts steady foot traffic and provides a solid foundation for sustained growth at the restaurant.

With a large deck area, modernised cold rooms, a 5m x 3.5m cellar, and the capacity to host live-music events, the venue presents significant expansion opportunities for a hands-on operator or couple.

As an experienced, passionate restaurateur, you will benefit from having visitors to the various family adventure activities on the extended property become patrons of your business. The seller wishes to continue to develop the adventure activities and attractions on the property, and he is offering this restaurant in a unique destination for sale as a going concern.

Its location in one of South Africa's most desirable regions ensures continued demand, making this a unique and compelling investment for anyone looking to acquire a versatile, high-potential restaurant in a leisure destination.

The sale includes all assets and excludes stock valued at approximately R120,000.
